

COMPARE SLS to CD & DVD PROGRAMS

SLS SYSTEM – STUDY SKILLS for Your Success in School

No Matter: the Class..., the Teacher, Instructor, Professor..., the School..., the Grade...

www.yoursuccessinschool.com

SLS can be **compared with CD and DVD school subject computer programs** available for students. These programs focus on giving students one more way to understand school lessons on several subjects.

CD & DVD Programs

Good explanations of class subjects
Limited to one view & explanation

Often no or limited study skill web pages

Are updated yearly

Are expensive – about \$30 – 40 per program
Must buy 2+ programs to get all benefits
Little help for parents

Don't need internet access

Elementary, Middle & High School
Can't Preview the program

SLS Study System

Many good class web sites researched by SLS staff, teachers & students from around the country
Articles, audio and video files that help students learn
Study skills and ideas from students & professors
Good study skills in books, downloaded pages and on a Web site – books are easier to read
Explain learning principles at the basis of study skills
Study skill strategies are updated regularly online and in SLS Books

Are more affordable and are for 4 years of high school
All help for teen students are on 1 web page
Help for parents – books, articles and web sites so
Parents help students get high grades and ready for higher education
Available for Middle School, High School, 2 or 4 year
College - students get help at each academic level
Can Preview the SLS Books and internet sites

ADVANTAGES in the SLS Study System

- Students read about school subjects **from many sources and authors** – **many web sites** (updated regularly)
- Students **choose** the explanations they understand best, not just one author & one source
- Students can **compare** information from 2 or more web sites with their textbooks

- Students **with problems in school** get web sites that help them learn to improve grades
- Students with **good grades** get web sites that challenge them and give them an **EDGE**
- Students can get **web sites of previous grades** to brush up and review school subjects
- Students in Middle School, Home School & High School get **the same** resources & web sites

- Students **can get their favorite web sites** listed on SLS Web Page for their convenience
- Students can **use other students, teachers, professors' favorite web sites** on a SLS Web Page
- Students get access to **new school subject sources during all their school years** – there are no new fees to keep up to date. SLS updates Web Pages regularly with new information sources

SLS Staff **review thousands of web pages** to find the best and most appropriate web sites with information students need for school.

SLS staff uses several different word combinations for searches to get better web sites.

Many students don't do this. Studies show that most students (teens and adults) don't look past page 3 of a web search and take what's there (they may look at Wikipedia or Britannica too). There are good sites on page 1 – 3 of a web search but many of the better sites are often on page 10 or page 25, etc. where most students don't get to. Let's see how SLS compares to other programs.

This is a comparison of **SLS** with these **CD and DVD programs** – *SLS Get Set for Success (SLS-GSS)* *High School Advantage (HSA)* – *High School Success (HSS)* – *High School Learning System (HSL)* *Mastering High School (MHS)*

Let's look at the help that's offered for Middle & High School students with their normal CD or DVD package. The comparison of SLS with CD and DVD programs is for **2006 - 2007 Products**

HS = ideas in High School **Mid** = ideas in Middle School **Mid/HS** = ideas in both Middle & High Schools
___ = **Not available** in this CD or DVD Program as a normal part of the CD or DVD boxed program
